

**SPRINGSIDE PARKING  
YOUR CAR WILL BE TOWED!!!**

Springside School has informed us that the parking signs ARE NOT being adhered when Outsiders are using their facilities. He said no warnings have been issued about parking in restricted spaces (there are big white signs which state where not to park), but if it happens again, cars will be either stickered (states last warning) or towed.

If you decide to park in the Gold lot (a small lot located to the left of the school) there are more signs/restrictions to follow.

The best lot to park in is the Blue lot, which is very large and can be accessed by entering the drive to the right of the school and then follow around the back of the building. You then need to walk across the grass field or the walkway to the left (which is a lighted pathway) into the field house. As you are coming off a grass field, please be sure to wipe your feet!

Please adhere to the Springside School parking guidelines – Outsiders will not be responsible if your car is towed! Thank you.
